

Dr. Nancy Felix DVM
requires a reliable, level headed individual for a position as

PART-TIME ANIMAL ATTENDANT AND SURGICAL ASSISTANT

in a busy veterinary clinic for household pets and small animals

Applicants must:

- have a minimum of three years university training toward a degree in veterinary medicine
- have experience in handling dogs and cats
- be available evenings, weekends, and holidays as required

The person selected will assist in routine surgery, give post-operative care, and perform general maintenance duties at the clinic. This is an excellent opportunity for a veterinary student who wants hands-on experience. We will make every effort to accommodate coursework and examination schedules for the right person.

Please forward résumé with references and transcripts of grades to Dr. Nancy Felix, The Avalon Animal Hospital, 200 Meadows Road, Orangeville.
