

PHARMACY TECHNICIAN,  
GRAND RIVER HOSPITAL

Company Url: <http://www.grandriverhospital.on.ca>

**HOURS OF WORK:**

7.5 hour shifts/Days/Evenings/Weekends

**JOB SUMMARY:**

The Pharmacy Technician accurately dispenses and compounds medication, using pharmaceutical calculations. This position requires the preparation of aseptic IV admixtures, chemotherapy agents and other sterile dosage forms. The Pharmacy Technician may also be required to interpret and enter prescription information into the computer system in order to generate profiles and medication labels. The successful candidate should be knowledgeable about pharmacy regulations and issues relating to staff and patient safety within the work environment. This position also contributes to ensuring there is a safe environment for patients, staff and visitors.

**REQUIREMENTS:**

- Pharmacy Technician Diploma from an Accredited 2 year Program
- High School Diploma or equivalent
- Well developed interpersonal and communication skills.
- Ability to work in an independent and cooperative manner.
- Working knowledge of hospital pharmacy computer systems
- Working knowledge of aseptic IV preparation and chemotherapeutic agents
- Proof of certification is required
- Good attendance record
