

PRECISION BUSINESS SYSTEMS

is offering continuous contract work to

EXPERIENCED TRANSLATORS

in French, Spanish, German, and Japanese

This is demanding technical work requiring a high degree of proficiency in technical translation and word processing, familiarity with the business machines and equipment industry, and a proven record of accuracy, reliability, and timely delivery. Much of the material is confidential and contractors must be bondable, with excellent references.

A Bachelor of Arts and at least four years experience in technical translation are necessary, as well as examples of recent work in the technical field.

Please call Ms. Sandra Nolan at 987-362-4565 to arrange an appointment
