

Simmons Packaging

a subsidiary of Delise Foods
is currently modernizing its packaging plant in Traytown.

We are now seeking a

MECHANICAL ENGINEER

with experience in industrial design to oversee the planning and layout of the new facilities.

The successful candidate will be responsible for integrating modern machinery with existing facilities,
to ensure maximum productivity and safety.

This individual will also be responsible for training users and the long-term supervision and maintenance of the overall system.

**The position is ideally suited to an energetic, motivated individual, a good
communicator with an ability for creative problem-solving.**

**Applicants should possess a Bachelor's Degree in Industrial Engineering, and
registration as a Professional Engineer. Experience in the packaging industry would be a definite asset.**

Send résumé to: Lorna Foley, Simmons Packaging, 749 Rosedale Ave., Traytown.
