

Pandora Arts Net
making connections for
you!

Freelance Graphics
Artists!
Include your
portfolio in our
CyberGallery!

We are a cyberage arts agency representing freelance writers and graphics artists to the publishing and advertising sectors. Thanks to funding from the Cultural Initiatives Program of the Federal Government we are able to carry your webpage absolutely free of charge for one year.

Under the conditions of our funding, this opportunity is open to professional artists who have formal training, at least four years experience working in the fields of publishing or advertising, and a portfolio of recent work that passes our standards committee selection. Selected artists will also qualify for grants to produce high quality portfolio-style marketing brochures.

PAN also offers marketing, business planning, and accounting services to professional artists who wish to contract the services of our seasoned arts representative professionals.

Pease apply to Pandora Anderson at: PAN, P.O. Box 2127, Station A, Majorville.
