

FEDERAL

ENVIRONMENTAL

PROTECTION

AGENCY

requires

HAZARDOUS WASTE MANAGEMENT SPECIALIST

Duties will include:

- team leadership in environmental emergency response
- training and supervising technicians and technologists
- briefing and report writing for industry clients
- site inspection, monitoring, evaluation

We require an exceptionally competent and focused individual with a diploma in Environmental Protection Technology and a minimum of five years hands-on experience in environmental rescue, repair and reclamation. You must have an outstanding reputation for teamwork and safety consciousness, and up-to-date certification for the handling of all major toxics.

The right person will find this an excellent opportunity for further training and advancement in the environmental protection field. Please forward résumé with references to: Tina Steele, Human Resources Dept., Federal Environmental Protection Agency, 456 Front St.
